“ After spending a few months In the early 1980’s listening to the raspy voice of Dick McCall tell me among many things, just what was buried and where in and around Petrolia, it was a breath of fresh air to meet his wife Betty, and see for myself what a lucky man Dick McCall was. May that same good fortune be remembered and celebrated by every descendant of this memorable couple. My regrets that I will be unable to personally give my condolences, due to travel.

As always,
