“ My condolences to the McMillin family for their loss. In 1947 when
Miss Stewart, as she was known to me at the time, shared her first
day at the Parker Grade School, as it was known at the time, by
being my 4th grade teacher, and an excellent teacher she was. I
recall her looking ever so young on that first day of class to be a
teacher, but she made the study of Geography, and other 4th grade
courses to be interesting and exciting events of study. So sorry to
learn that she is now a fond memory. Â
