“ Please accept my deepest sympathy on the loss of your mother. I have fond memories of her working with the ACV Music Boosters, spending countless hours to help our band, students, and, on many occasions, keep me on the right path. She was clearly devoted to you all. Please know that the sense of loss that you feel is directly related to the love that you had for Mom. Embrace that love and let it sustain you during this difficult time. May God be with you.
