“ I have worked in a few jobs in my days, as IT support in one form and another, and in almost every one of them, I got to work with Jerry. He was a fantastic tech, always willing to share information he had, and would always find ways to get the job done on time, or sooner. I wish I would have known him a lot better, as I love playing guitar, too. He will be sorely missed by many in the IT field. My sincerest condolences go out to his family, friends, and acquaintances.

“ I worked with Jerry at Digital Equipment Corp and saw him often at GE.

*He was always a pleasure to meet, calm and kind, and positive! Several years ago, I called HP when my PC needed a new hard drive and Jerry showed up, I was very happy to see him, I gave him a FORQUER GROUP coffee mug and we talked for a long time. I will miss JERRY! He was always a gentleman!*

*I have known Jerry since the Digital Equipment days. I worked out of Cleveland and over the course of time we crossed paths, had conversations, and even worked together on occasion. Jerry was a real pro. Always willing to help where needed and always had a positive attitude. Over the course of knowing Jerry I had come to really appreciate our conversations and our reminiscing about the good old days at DEC. My condolences to the family. I will keep you in my prayers. God's peace and comfort to you.*
