“ I was very sorry to read of Les's passing this morning. I have often thought of him, wondering where he was living now. I knew he and Jane from the Chicora Senior Center where I worked as Asst. Manager with duties in the kitchen. He would come back there and chat and assist me whenever they attended. Jane brought many craft ideas and we all enjoyed making them together. Mary Huff and I went to a milestone birthday party for Les in Slippery Rock and had such a wonderful time sharing in his happiness. It was my sincere pleasure to have known your loved ones and to have such memories of times together. My Deepest Sympathy to his family. Sincerely, Pat Faller
