“ Linda was a ‘special lady, us CEC employees were paramount to her. I enjoyed working together as a ‘glove’ between creating heating & cooling systems with members, and Linda designing adequate electric supply to make it all happen.

I was privileged to design her home’s HVAC system to provide comfort to her and her mom. We met on occasion at Clarview Nursing Home in Sligo, PA where both of our moms were residing.

My last encounter with Linda was at the Allegheny Grille in Foxburg, PA for a CEC medical insurance update. This whole affair is a ‘shock’ to me.

Rest Easy, my friend 🙏❤️🙏.
